

MANAGED MOBILE

# AN AFFORDABLE WAY OF MANAGING YOUR DEVICES

## Want to improve access to your business systems?

How safe is it for employees to access your data via a mobile device? Do you feel that it is out of your control?

With the range of available devices growing day by day, why not take advantage of the choice available and offer your employees greater flexibility? Barriers to this include:

- Risk of data getting lost or stolen
- Rising costs of different price plans
- No process for managing different devices

We take these worries away from you, giving you peace of mind and enabling you to work in the most efficient way for your business.

## THE SOLUTION

*"For less than the price of a cup of coffee a day, we'll manage your devices so you can reap the full benefits of working in more flexible ways."*

Managed Mobile offers a comprehensive service whatever the device, whether company or employee-owned.
